Summary

Dynamic Project Management Professional with over 7 years of experience in operational scaling and system analysis. Expert in orchestrating complex project lifecycles using SAP, Smartsheet, and advanced Excel for high-precision Budgeting and Reporting. Proven track record in streamlining PO Creation and maintaining rigorous documentation compliance to support organizational growth and industrial efficiency.

Work Experience

Project Manager *May 2023 – Present*
WEBALIVE, REMOTE

- Manage project planning and administrative support across a growing portfolio, utilizing Smartsheet to maintain risk registers and sprint retrospectives.
- Review technical design documents and specifications to ensure rigorous documentation compliance and optimization of system workflows.
- Collaborate with architects and DevOps to design scalable systems, integrating SAP-adjacent workflows for better operational site management.
- Monitor project progress against financial plans, performing regular Budgeting and Reporting to ensure timely supplier and contractor payment compliance.

Project Manager *September 2020 – April 2023*
BIT MASCOT (PVT.) LTD, DHAKA, BANGLADESH

- Executed PO Creation and followed up on feature requirements and API documentation to ensure seamless vendor integration.
- Resolved client issues and payment conflicts through effective negotiation, maintaining 95% customer satisfaction through transparent financial reporting.
- Performed database and API testing using SAP-integrated tools to validate high-precision industrial data tracking.
- Optimized project documentation processes, ensuring all certificates and permits were maintained for multi-site operations.

Undergraduate Teaching Assistant *January 2018 – January 2020*
UNITED INTERNATIONAL UNIVERSITY, DHAKA, BANGLADESH

- Supported the creation of daily lesson plans and laboratory schedules, improving administrative efficiency for faculty members.
- Maintained laboratory documentation and inventory, following up on procurement needs for hardware components.
